

Table 4: Ditch Summary

Wetland ID	Cowardin Habitat Description	Length (linear feet)/ Area (acres)
D1	Ditch	0.028
D2	Ditch	0.022
D3	Ditch	0.122
D4	Ditch	0.012
D5	Ditch	0.011
D6	Ditch	0.091
D7	Ditch	0.072
D8	Ditch	0.120
D9	Ditch	0.064
D10	Ditch	0.722

#### 4.5 Jurisdictional Determination Request

The USACE has the sole authority to determine whether wetlands or water features are “jurisdictional.” Under certain circumstances, wetland areas are considered non-jurisdictional because they lack a significant nexus with other wetlands or waters of the U.S. TTL utilized the *USACE Jurisdictional Determination Form Instructional Guidebook* (USACE and EPA, 2007) to complete a *SAS APPENDIX 1: Request for Corps of Engineers Jurisdictional Determination (JD) and/or Delineation Review Form* (Appendix E).

It is TTL’s opinion that all observed wetlands, and ditches within the wetlands are jurisdictional features due to their significant nexus to nearby relatively permanent waters. The ditches that occur within wetlands have been included and calculated as part of the wetland total acreage.

TTL recommends that a delineation review of aquatic resources of the potentially jurisdictional site features be requested from the USACE Savannah District. If the USACE is not engaged regarding a jurisdictional determination or delineation review of aquatic resources, TTL is neither responsible for the final determination of jurisdictional features within the review corridor, nor responsible for violations associated with unauthorized activities that may occur within areas deemed jurisdictional by the USACE at a later time.
