**About WWALS:** Since June 2012, WWALS Watershed Coalition, Inc. (WWALS) is an IRS 501(c)(3) nonprofit charity working for a healthy watershed with clean, swimmable, fishable, drinkable water.

Mission: WWALS advocates for conservation and stewardship of the surface waters and groundwater of the Suwannee River Basin and Estuary, in south Georgia and north Florida, among them the Withlacoochee, Willacoochee, Alapaha, Little, Santa Fe, and Suwannee River watersheds, through education, awareness, environmental monitoring, and citizen activities.

Our Watershed: The 10,000-square-mile WWALS territory includes the Suwannee River from the Okefenokee Swamp to the Gulf of Mexico, plus the Suwannee River Estuary, and tributaries such as the Withlacoochee and Alapaha Rivers as far north as Cordele in Georgia, as well as parts of the Floridan Aquifer—the primary water source for drinking, agriculture, and industry for millions of Georgia and Florida residents.

**Suwannee Riverkeeper:** Since December 2016, WWALS is the WATERKEEPER® Alliance Member for the Suwannee River Basin and Estuary as Suwannee RIVERKEEPER®, which is a project and a staff position of WWALS focusing on our advocacy.

**Contact:** John S. Quarterman, song@suwanneeriverkeeper.org, 850-290-2350.
