

B.2 INSTREAM MONITORING REQUIREMENTS

The receiving stream shall be monitored by the permittee as specified below (June-September only):

Parameter	Instream Monitoring	Monitoring Requirements		
		Measurement Frequency	Sample Type	Sample Location ⁽¹⁾
Temperature (°F)	Report	One Day/Month	Grab	Upstream & Downstream
Dissolved Oxygen (mg/L)	Report	One Day/Month	Grab	Upstream & Downstream
pH (Standard Units)	Report	One Day/Month	Grab	Upstream & Downstream

⁽¹⁾ Upstream location refers to the crossing with Fletcher Road and downstream location refers to the crossing with Lower Brookfield Road.
