Sabal Trail Project  
Docket No. CP15-17-000

January 31, 2019

Ms. Lisa A. Connolly  
General Manager, Rates and Certificates  
Sabal Trail Transmission, LLC  
5400 Westheimer Court, Suite 6N61  
Houston, TX 77056

**Re: Authorization to Commence Construction of Phase II Facilities**

Dear Ms. Connolly:

In accordance with the Federal Energy Regulatory Commission's (Commission) February 2, 2016 *Order Issuing Certificates and Approving Abandonment*; the September 7, 2016 *Order on Rehearing*; and the March 14, 2018 *Order on Remand Reinstating Certificate and Abandonment Authorization* (collectively Orders), I grant Sabal Trail Transmission, LLC's (Sabal Trail) January 17, 2019 request to commence construction of the Phase II facilities. These facilities are the Albany Compressor Station located in Dougherty County, Georgia and the Dunnellon Compressor Station located in Marion County, Florida.

This authorization is based on my review of Sabal Trail's Request for Notice to Proceed; its compliance with the environmental conditions of the Commission's Orders as described in its Implementation Plan filed on March 11, 2016, and supplemented on April 7, 2016, July 21, 2016, August 11, 2016, and August 15, 2016; and its documentation of the necessary federal authorizations applicable to the requested activities.

I remind you that Sabal Trail must comply with all applicable terms and conditions of the above referenced Orders. If you have any questions regarding this authorization, please contact me at (202) 502-6352.

Sincerely,

John V. Peconom  
Environmental Project Manager
