175 including, but not limited to, representatives from the water
176 management districts, the wastewater utility industry, the water
177 utility industry, the environmental community, the business
178 community, the public health community, the agricultural
179 community, and the consumers.

180 (d) Potable reuse is an alternative water supply as defined
181 in s. 373.019, and potable reuse projects are eligible for
182 alternative water supply funding. The use of potable reuse water
183 may not be excluded from regional water supply planning under s.
184 373.709.

185 (e) The department and the water management districts shall
186 develop and execute, by December 31, 2023, a memorandum of
187 agreement providing for the procedural requirements of a
188 coordinated review of all permits associated with the
189 construction and operation of an indirect potable reuse project.
190 The memorandum of agreement must provide that the coordinated
191 review will occur only if requested by a permittee. The purpose
192 of the coordinated review is to share information, avoid the
193 redundancy of information requested from the permittee, and
194 ensure consistency in the permit for the protection of the
195 public health and the environment.

196 (f) To encourage investment in the development of potable
197 reuse projects by private entities, a potable reuse project
198 developed as a qualifying project under s. 255.065 is:

199 1. Beginning January 1, 2026, eligible for expedited
200 permitting under s. 403.973.

201 2. Consistent with s. 373.707, eligible for priority
202 funding in the same manner as other alternative water supply
203 projects from the Drinking Water State Revolving Fund, under the
