

2022.

**OPTIONS:** (1) Recommend authorization of payment in the amount of \$617,500 to JWA for this emergency repair, (2) Do not authorize payment.

**RECOMMENDED ACTION:** Option 1

**ADMINISTRATIVE COMMENTS:** This section of the system was previously identified for replacement due to its age and recent failures along with other sections. Based upon what was identified at the portion of collapse, the decision was made not to take a chance with another failure with the line and move forward with complete replacement of the line.

**ADMINISTRATIVE RECOMMENDATION:** To approve the payment in the amount of \$617,500 to JWA for this emergency repair

L. Mark Barber, City Manager
