

Implementation Strategy Requirements

The Strategy must:

- Be adopted concurrently with the MFL
- Be expeditiously implemented
- Include a phased approach or timetable:

“which will allow for the provision of sufficient water supplies for all existing and projected reasonable-beneficial uses, including development of additional water supplies and implementation of conservation and other efficiency measures concurrent with and, to the maximum extent practical, to offset reductions in permitted withdrawals” (s.373.0421(2), F. S.)
