

Future Troupville Nature Park and River Camp

120 acres just west of Valdosta, with interpretive hiking trail signs
At the Little River Confluence with the Withlacoochee River

Like the Suwannee River Camps, paddle in for:

- air-conditioned bathrooms, dining pavilion, five screened-in sleeping platforms
- \$1 million in Lowndes County SPLOST project list
- Potential GOSP grant application
- Maybe more access upstream and downstream
