

\$266,000 and \$118,500, respectively, with total combined fees of \$384,500.

Upon Council approval, the Design Consultant will be engaged, and upon completion of each phase of their work and funding availability, the Construction Project Phases will be advertised for competitive bidding. Those bids will be presented to Council for consideration to complete this roadway and utility construction project.

OPTIONS: (1) Approve the Design Services Contract Agreements from LEA for a Design Project Design budget of \$384,500 with a 10% contingency of \$38,450 for hourly services during construction (as needed) for a total funding of \$422,950. (2) Do not approve the Design Services Contract Agreements.

RECOMMENDED ACTION: Provision of an adequate street transportation, Staff recommends approval of Option 1.

ADMINISTRATIVE COMMENTS: The Widening Project for Barack Obama Blvd. is needed in order to handle the increased flow of traffic along that corridor.

ADMINISTRATIVE RECOMMENDATION: Approve the Design Services Contract Agreements with LEA in the amount of \$384,500 plus a 10% contingency (\$38,450) for any hourly services needed during construction for a total amount of \$422,950.

Al Crace, Interim City Manager
