3. Environmental Services Lump Sum: \$18,000
 LEA will provide an aquatic resource delineation for the additional 1,800 linear feet of sewer easement area. LEA will prepare and submit the appropriate USACE and Georgia EPD permit applications for impacts required to construct the improvements. ESPC plans will also be provided per GSWCC and EPD requirements. Plans will be submitted to the EPD Albany office through the GoPost online portal for drinking water review. No FEMA coordination is anticipated for this project.
4. Construction Administration
 LEA will assist the City as needed during the construction phase on an hourly basis. A lump sum for these services can be determined once the design is finalized and the detailed scope of construction administration is defined.

All work will be completed in accordance with City of Valdosta standards and specifications. We appreciate this opportunity. Please call me at 229.253.0900 should you have questions or require additional information.

Sincerely,

A handwritten signature in blue ink, appearing to read "Clayton Milligan".

Clayton Milligan, PE
 Executive Vice-President

Contract Amount: See Above
