

Aqua-Aerobic Systems, Inc. in the amount of \$98,622.00, (2) Do not approve the purchase.

RECOMMENDED ACTION: Option (1)

ADMINISTRATIVE COMMENTS: The Decanter Unit is a critical component in the water treatment process. Since the Decanter in SBR 2 is an older model and is no longer working properly, a new one is needed.

ADMINISTRATIVE RECOMMENDATION: Approve the purchase of a new Decanter Unit from the sole source provider Aqua-Aerobic Systems in the amount of \$98,622.00.

Al Crace, Interim City Manager
