

North Florida Regional Recharge Project - Conceptualization

- Cooperative funding agreement with SJRWMD, SRWMD, FDEP and four NE Florida utilities
- Evaluate potential project options for the North Florida Partnership area

Comparative process to select project that results in aquifer recharge and flow restoration in Outstanding Florida Springs

RANK	OPERATIONS BY ALTERNATIVE	GENERAL QUANTIFIABLE FACTORS										QUANTIFIABLE FACTORS		OTHER QUANTIFIABLE FACTORS		OTHER CONSIDERATIONS			
		WATER SUPPLY	WATER QUALITY	WATER LOSS	WATER TREATMENT	WATER STORAGE	WATER DISTRIBUTION	WATER CONSUMPTION	WATER REUSE	WATER RESERVATION	WATER SECURITY	WATER RELIABILITY	WATER FLEXIBILITY	POTENTIAL FOR REGIONAL BENEFIT	POTENTIAL FOR LOCAL BENEFIT
