Dear Waterkeeper Alliance,

Satilla Riverkeeper is supportive of WWALS Watershed Coalition adopting the Upper Suwannee River watershed territory into their Waterkeeper jurisdiction. Their existing support and connections, along with their ability to address water quality and quantity concerns in that region, makes this addition not only appropriate, but essential to keeping clean water in South Georgia and north Florida. We look forward to working with the organization's board of directors, members, and supporters in ensuring drinkable, swimmable, fishable waters in this important neighboring watershed.

Sincerely,

Ashby Nix
Satilla Riverkeeper
